Summary

Computer Science student at the University of Alberta with hands-on experience in full-stack development, RESTful API design, and scalable application architecture. Proven ability to deliver user-focused solutions, including a decentralized social platform and an award-winning neuroscience-based hackathon project. Passionate about building impactful, collaborative software.

Education

University of Alberta

Bachelor of Science in Computing Science, Minor in Mathematics

Sep. 2021 – Present

Edmonton, AB

Technical Skills

Languages: JavaScript, Python, Java, C#, SQL, HTML5, CSS3, R, Assembly

Frontend: React, Android XML

Backend: Django (Python), Node.js, Firebase

Databases: PostgreSQL, Firebase (NoSQL), MySQL, Microsoft SQL Server

Tools & Platforms: Git, GitHub, Gradle, Android Studio, Heroku, SSMS

Concepts: REST APIs, Full-Stack Architecture, OOP, CRUD, MVC

Projects

Decentralized Social Network | *Django, JavaScript, Heroku*

- Built and deployed a decentralized social platform with custom REST APIs and cross-node interactions.
- Designed the backend system using Django ORM and PostgreSQL.
- Created responsive UI components for sharing and interacting with posts using JavaScript.

NeuRomance (2nd @ natHACKS 2024) | *Python, React*

- Implemented a full-stack dating app integrating brainwave data to predict romantic compatibility.
- Created RESTful endpoints for profiles, authentication, and compatibility scoring.
- Worked on real-time compatibility algorithms using brainwave metrics.

Android Event Scheduler App | *Java, Firebase, Android XML*

- Developed an Android app for event creation and check-in via QR code scanning.
- Integrated Firebase Authentication and Firestore for user and data management.
- Designed responsive layouts and managed real-time state changes using Firebase listeners.

Certifications

- **.NET Full Stack Developer — Board Infinity** (Jun 2025)
C#, ASP.NET MVC, RESTful API, SQL, Node.js, React — Credential ID: DJ77BY6JRS5E
- **Backend Development for .NET Full Stack — Board Infinity** (May 2025)
C#, ASP.NET MVC, RESTful API, SQL — Credential ID: V3LNKWU738W1
- **Frontend Development using React — Board Infinity** (Jun 2025)
JavaScript, CSS, HTML, Node.js, React — Credential ID: 27XS9JUYDS3A
- **Foundations of Coding Full-Stack — Microsoft** (May 2025)
C#, ASP.NET, OOP — Credential ID: 1F2TUS6BREEJ
- **Blazor for Front-End Development — Microsoft** (Jun 2025)
UI/UX Design, Blazor, C#, State Management — Credential ID: BE7R8PA5VG74
- **Introduction to Web Development — Microsoft** (Jun 2025)
Git, HTML, CSS, JavaScript, JSON — Credential ID: IY7QZ05BT2LC

Work Experience

Safeway Grocery

May 2023 – Sep 2023

Cashier

Edmonton, AB

- Processed daily transactions and maintained register accuracy.
- Resolved customer issues and delivered professional service.
- Developed multitasking skills in a high-volume environment.

Sinnott's Your Independent Grocer

Apr 2022 – Aug 2022

Bakery Clerk

Red Deer, AB

- Ensured product quality and performed inventory control.
- Maintained sanitization and compliance with food safety.
- Packaged and stocked baked goods per store presentation standards.

Volunteer Experience
